

Statement of Confidentiality

I agree that any information about Sightline Vision, its callers or staff that may come to my notice, from whatever source, will be held in the strictest of confidence. This could include details about clients, service users, families, financial/organisational matters, or personal information about paid or volunteer colleagues.

If relevant, this information may be discussed directly with Sightline's manager, or in general terms at a volunteer training meeting.

I agree that, should I breach this agreement, my services with the organisation would no longer be required.
